

# OBSERVATIONS OF A MEXICAN BARFLY

*by Natalie McNabb*

Brunette Margarita doesn't offer herself

—yet—

to Blond Tequila Sunrise,

who shadows her now

and will chase her until

—bored—

he moves to another,

perhaps Ginger Grenada,

at which point Brunette Margarita would

—only—

want Blond Tequila Sunrise.

But, he wouldn't offer himself

—yet—

to Brunette Margarita,

who would be brightening for him

and would chase him until

—bored—

she moved to another,

perhaps Ginger Grenada,

at which point Blond Tequila Sunrise would

—only—

want them both.
